JOS DIAZ CONTRERAS
DIRECTOR / PRODUCER

Jos Diaz Contreras is a Brooklyn-based director, producer, and creative director working across live action, animation, documentary, music, and branded film. A hands-on editor as well as a production leader, he stays close to the work from the first idea through the final frame.

He builds interdisciplinary teams for artists and brands including Bon Iver, Thom Yorke, Mitski, Bright Eyes, Nike, Adidas, Spotify, HBO, Hulu, and Netflix. His practice moves between intimate performance and technically complex production without separating concept, people, and execution.

On set, he works from inside the team-shaping performances, solving the picture with collaborators, and leaving room for discovery. That mix of creative ambition, production fluency, and editorial instinct has earned SXSW jury recognition, a D&AD Pencil, and multiple Vimeo Staff Picks.

JOS DIAZ CONTRERAS
DIRECTOR / PRODUCER

Jos Diaz Contreras is a Brooklyn-based director, producer, and creative director working across live action, animation, documentary, music, and branded film. A hands-on editor as well as a production leader, he stays close to the work from the first idea through the final frame.

He builds interdisciplinary teams for artists and brands including Bon Iver, Thom Yorke, Mitski, Bright Eyes, Nike, Adidas, Spotify, HBO, Hulu, and Netflix. His practice moves between intimate performance and technically complex production without separating concept, people, and execution.

On set, he works from inside the team-shaping performances, solving the picture with collaborators, and leaving room for discovery. That mix of creative ambition, production fluency, and editorial instinct has earned SXSW jury recognition, a D&AD Pencil, and multiple Vimeo Staff Picks.
